

Skywater

The History of Radium Springs

Maintaining an inventory at the welcome center downtown Albany along the Riverwalk as well as the bank of Lee County on Hwy 19 next to the Ford dealership. In addition I also mail copies to people if needed. I have kept the price the same as my father at \$28 a copy. People that are interested can mail a check +3 dollars shipping for a total of \$31 to my address:

I know my father and Lamar Clifton would be happy with the continued interest in the sky water book and Radium Springs.
